Acknowledgment

First of all I would like to thank God for helping me throughout my life.

I am very grateful to my advisor Ato Adamu Shefraw for his invaluable support, cooperation, and professional guidance from the beginning up to the end of writing this paper.

My special thanks go to my beloved husband Ato Eirmias Kassa, without his unreserved support this research study would not have come true.

My heartfelt thanks also go to my mother W/o Asagadach W/yohannes and my father Ato W/kidan Hailu for their continuous support and advice, which they have been providing me in my study in St. Mary's University College.
